# ArtUp! Program

Fostering Youth Voices Through Creativity

The Corrales Arts Center **ArtUp!** program provides art classes for Corrales Elementary School students in the after school program. **ArtUp!** enables students to explore materials, methods and concepts, while encouraging them to think divergently and engage in self-expression. We provide hands-on activities which promote creative thinking, risk taking, problem solving and collaboration. This process builds confidence and strengthens decision-making and observation skills, while inspiring and motivating students via artistic practices.

**ArtUp!** is generously sponsored by Brabson Library and Educational Foundation along with Kiwanis Club of Corrales Foundation scholarships for the 2019-2020 school year.

*Join us today!*

Your membership entitles you to discounts for CAC classes and in the gallery, invitations to members-only events, free membership in the North American Reciprocal Museum network **and more!** Join online or complete the form in our brochure and send to:
